

Welcome to Pablo's Armchair Treasure Hunt 2014

Far out in the uncharted backwaters of the unfashionable end

of the western spiral arm of the galaxy, on an utterly insignificant little blue-green planet—to be more precise, somewhere towards the bottom right-hand corner of England—some ape-descended life forms have hidden a box. *W* marks the spot!

You should establish four bases before completing your final Meander. To this end you should make a resolution, ideally before New Year's Day. Marks are awarded for answering the questions and identifying the pictures, for accuracy, and for much else besides. Twelve marks are available for registration. Use both sides of the paper. It will help if you can tell the **reds** from the **blues**.
